MENDOZA ASSURES COOPERATION IN NBI PROBE OF NIDA BLANCA CASE

PNP Chief, Director General Leandro R Mendoza has expressed concern over the apparent move by some interested parties to muddle the ongoing investigation into the November 7 murder of actress Nida Blanca.

Published reports attributed to unnamed "sources" accused the PNP of "planting" the latest witness now in the custody of the Department of Justice.

"Such disinformation are apparently designed to sow intrigue between the PNP and NBI, and to throw our investigators off-track," Mendoza said.

"All of us want to find out the truth so that the ends of justice will be served. This requires a concerted effort among the concerned law enforcement agencies," the PNP Chief said.

Mendoza said NBI Director Reynaldo G Wycoco has personally informed him that the alleged "source" of the news item did not come from the NBI.

The PNP Chief has assured the NBI of the "full cooperation and support" of the police for the early solution of the Nida Blanca case.

Mendoza gave the assurance as he announced that he is personally in constant touch with NBI Director Reynaldo G Wycoco to coordinate matters regarding the investigation into Nida Blanca case.

Mendoza emphasized that PNP investigators are coordinating closely with their NBI counterparts by comparing notes and exchanging information on the case.
